INTERNSHIPS

CISCO AICTE Virtual Internship Program 2024 | Cyber Security — 01 May, 2024 - 31 Jul, 2024

Key Skills: Cisco Packet Tracer, Cyber Security

During my internship with Cisco Networking Academy (May-July 2024), I worked on the project "Cyber Shield: Defending the Network," aimed at improving the security of MIT Academy of Engineering's campus network. I conducted a thorough analysis of the existing infrastructure and implemented solutions to mitigate security risks. Using Cisco Packet Tracer, I configured network components like routers, switches, and access points, focusing on security through ACLs, VLANs, and WLCs. This experience deepened my understanding of cybersecurity principles such as network segmentation, firewalls, and access control, while also enhancing my problem-solving skills in real-world scenarios.
